• EDUCATION

- TECVIDAYA ISTITUTE IN NOIDA(PVT,LDT) (2023-2024)
- 10TH NATIONAL INSTITUTE OF OPENING SCHOOL (2021)
- 12 NATIONAL INSTITUTION OF OPENING SCHOOL (2023)

• SKILLS

- PYTHON :- Matplotlib,NumPy,Seaborn,Pandas
- MYSQL
- POWER-BI
- MS EXEL
- CANVA
- STATICS ANALYSIS
- DATA VISULISATION

• INTERNSHIP

DATA ANALYTICS AND DATA ANALYSIS (Techvidya)

The ability understand and evaluate disparate data sets

Perform ad-hoc analysis and assit in data collection and analysis data aggreation

Proficiency with SQL and Power BI based query languages and relational data concepts

• PROJECTS

Meesho Webscrapping Project:-

1. Scraped data from the Meesho e-commerce website using the requests module, selenium, and BeautifulSoup to extract product names, details, prices, and ratings.
2. Handled and manipulated the scraped data using pandas for dataframes and numpy for numerical operations.
3. Saved the cleaned and processed data into CSV files for further analysis.
4. Visualized the data by creating graphs and plots using matplotlib to identify trends and patterns.
5. Enhanced data visualizations with seaborn to improve readability and aesthetics of the plots.
